Finishing Up!

After registering for this day, please send an email to [fordinge@gmail.com](mailto:fordinge@gmail.com) as requested on the Home page of the website. Now, about the STBA day... Join us for all or part of the day. We will gather at 9:00 a.m., enjoy time together as a large group, move into small groups and provide time for socializing and individual sewing.

How do you finish your quilts? What alternatives do you consider using? Jane's trunk show features over 40 quilts that highlight various forms of edge finishes for your quilts. She focuses on the design choices available to quilters as they finish the edges of their quilts. Techniques range from the very simple to the more complex, from pieced bindings to bindings pieced to match the quilt top's piecing. Other topics covered are facings, added accents, and edge treatments. There are unlimited options to spur your imagination. Participants will leave this presentation with a wide variety of ideas to stimulate creative finishes for current and future projects.

Jane is a quilt designer and teacher from Kansas City, Missouri who presents lectures and workshops across the country. She loves to teach and inspire other quilters to develop their own creativity. Jane likes to make the edges of her quilts just as interesting as the tops by using unique bindings and edge finishes.
